

AMENDMENTS TO THE CLAIMS

This listing of claims replaces, without prejudice, all prior versions and listings of claims in the application:

1-18. (Canceled)

19. (Original) A coating formulation, comprising:

(a) from about 25 to about 99 weight percent of a polymer containing emulsion;

(b) from about 0.1 to about 20 weight percent of an aqueous crosslinking agent;

(c) from about 0.001 to about 5 weight percent of a defoamer;

(d) from about 1 to about 40 weight percent of a polyethylene wax emulsion or of a polypropylene wax emulsion; and

(e) from about 1 wppm to about 100,000 wppm of a hormone.

20. (Original) The coating formulation of claim 19, further comprising: (f) from about 0.1 to about 50 weight percent deionized water.

21. (Original) The coating formulation of claim 19, wherein the polymer containing emulsion comprises styrene acrylic polymers, ammonium hydroxide and polypropylene glycol.

22. (Original) The coating formulation of claim 19, wherein the hormone is a juvenile hormone.

23. (Original) The coating formulation of claim 22, wherein the juvenile hormone is selected from the group consisting of: Hydroprene, Methoprene, Dimilin and Fenoxycarb.

24. (Original) The coating formulation of claim 19, wherein the coating formulation further comprises: (f) from about 0.01 weight percent to about 20 weight percent diatomaceous earth.

25. (Original) The coating formulation of claim 19, further comprising: (f) from about 0.1 weight percent to about 20 weight percent of a rheology additive.

26. (Original) The coating formulation of claim 25, wherein the rheology additive is selected from the group consisting of: cellulose acetate butyrate and cellulose acetate propionate.

27. (Original) The coating formulation of claim 19, further comprising: (f) from about 0.1 weight percent to about 15 weight percent of a UV protectant.

28. (Original) The coating formulation of claim 27, wherein the UV protectant is benzophenone.

29-43. (Canceled)
